WORLD TUBERCULOSIS DAY 24th March

World Tuberculosis Day is observed annually on March 24th to raise awareness about the disease and encourage timely action to combat the global TB epidemic.

Tuberculosis is a deadly infection caused by a bacterium that primarily affects the lungs and is easily transmitted by small droplets expelled into the air when an infected person coughs or sneezes. Although Johann Schonlein popularised the term “tuberculosis” in 1834, the disease is thought to have existed for more than three million years prior to that.

Over the years, tuberculosis has had various names depending on where it is found. During the anxious green period, it was called “phthisis,” “tabes” in ancient Rome, and “schachepheth” in ancient Hebrew. Consumption was another name for tuberculosis in the 1800s, while “scofula” was used in the Medieval Ages to describe TB of the neck and lymph nodes. However, when it affects the lungs, scrofula is a completely distinct illness.

Assam Rifles organizes skill development programme

LONGDING, March 30:

The Longding Battalion of Assam Rifles and District Industries Department concluded a month long Skill Development training programme on Saturday, March 25, 2023 under Assam Rifles Civic Action Programme 2022-23.

The relentless efforts of the Assam Rifles Battalion and Longding Police over a period of last two years had encouraged over 30 misguided youth of Longding District who were members of various Under Ground Organizations to shun the path of violence and join mainstream.

Taking a step further, the Longding Battalion of Assam Rifles conceived a noble idea to empower the surrendered cadres by imparting their skill training. The idea was to encourage them to earn an honest living.

In June 2022, the Assam Rifles Battalion systematically screened and identified 12 surrendered cadres

for imparting skill training based on their aptitudes and inclination in conjunction with District Industries Dept, Longding.

During the month long workshop, which commenced on Feb 23, 2023, the attendees were imparted theoretical and practical knowledge of a trade of their choice viz Carpentry, Electrician and Plumbing. Besides giving an honorarium, the surrendered cadres were distributed free tool kits on successful completion of the workshop.

Speaking on the closing ceremony, Col K S Gill, Commandant of Longding Battalion Assam Rifles exhorted the attendees to exploit their newly acquired skill to earn an honest living and encourage their counterparts in various Under Ground Organizations to follow their footsteps. He assured them continued assistance in their pursuits to live an honorable life. Holan Arangham, Deputy Di-

rector Industries, felicitated the participants with a Proficiency Certificate for successful completion of skill training.

The erstwhile misguided youth expressed their heartfelt thanks to Assam Rifles for sponsoring and meticulously conducting skill training. They unanimously vowed to live an honorable life and encourage their peers in Under Ground Organizations to lay down arms and join the mainstream.

The metamorphic enterprise by Assam Rifles assumes significance, especially when the insurgency infested Tirap, Changlang and Longding region is on a cusp of normalcy. The recent homecoming ceremony of the rebel outfit, Eastern Naga National Govt (ENNG) in the presence of Chief Minister Pema Khandu and senior officials of Assam Rifles and State Police is a clear indication of winds of change.
